

KANSAS CITY AREA TRANSPORTATION AUTHORITY

Request for Qualifications (RFQ) #F24-7002-39A

Kansas City Area Transportation Authority (KCATA)
Construction Administration Services for Administrative Office Renovations -- Building One

ADDENDUM #1

Issue Date: April 16, 2024

This Addendum is hereby made a part of the Request for Qualifications and Project Documents to the same extent as if it were originally included therein and is intended to modify and/or interpret the bidding documents by additions, deletions, clarifications, or corrections. The Contractor shall acknowledge receipt of this Addendum on the "Receipt of Addenda" form (herein attached) and shall include the form in their proposal submittal.

PROPOSER QUESTIONS

1. Q: Can the DBE participation be applied to considered met if a DBE is the prime on this project?
A: **Yes, work from DBE Prime contractors count toward the DBE participation. DBE regulations require that a DBE prime must self-perform at least 30%. See Section 3.10 of the RFQ for additional information.**

2. Q: Section 4.4.A (page 20) states that the financial documents must be submitted as a separate .pdf and marked confidential. Do we also need to include the financial documents as part of the hard copy?
A: **Yes, please include a copy of your financial statements with your hard copy submittals.**

3. Q: What document management system will be used?
A: **The Contractor responsible for the renovation will also be responsible for providing the document management system of choice. CA Services will be given access to the system.**

4. Q: Will KCATA provide a desk or office and workstation for the CA team to use during construction?
A: **A desk or office will not be provided for the CA team.**

5. Q: Will special inspections be required for this work? If so, will those fall under this contract, or will the owner handle that separately?

A: Special Inspections shall not be included with this work. If so, the owner will handle special inspections separately.

6. Q: Will the A/E of record be providing construction administration services?

A: Yes, but their construction administration will be limited to their responsibility as the A/E firm(s) of record. A/E construction administration services will be significantly limited in scale compared to this request.

7. Q: Will background checks be done on the contractors?

A: Criminal background checks on Contractors are not in the specifications.

8. Q: Will CA services scope guarantee 3 days a week?

A: CA Services are expected to perform an average of three days a week. There may be work performed by the contractor that requires CA services onsite more than three days a week. As the work is scaled down towards the end of the project, CA service may not be required three days a week. The average number of days expected is an approximation, however, it will be up to the CA Services proposer to provide all scope of services in the RFQ regardless of number of days onsite without requesting additional services.

ATTACHMENTS

- Receipt of Addenda Form
- Pre-Proposal Conference Attendance List
- Distribution List for this Project
